  - If you are completing your degree during the semester you are engaging in CPT, the CPT must end on or before the last day of the semester.

- If you do not want to continue your CPT, you would need to add other courses to make your semester registration full time.
- If other courses are not added, you will be considered in violation of your F-1 status and you must file for reinstatement with U.S. Citizenship and Immigration Services.
- Remember that adding classes past the first few weeks of a semester is not always feasible.
